Kolkata Municipal Corporation has been in a non-financial agreement with ECHO India (Extended Community Health Outcomes) for various training programmes, digital and physical, of different level of workers of Health Department on matters relating to Health issues. Digital programmes are undertaken by Hub and Spoke method with tools provided by Echo India free of cost. These training equipments eventually become assets of the Kolkata Municipal Corporation to be used by it in future for its own online training purpose. An Immersion training on ECHO model was given to Nurses and Honorary Health Workers of the KMC on 7th and 8th December 2021 at the Park Hotel, Kolkata in presence of from ECHO India Dr. Sandeep Bhalla, Associate Vice President, Dr. Haresh Chandwani with others and from KMC Dr. Subrata Roychowdhury, Chief Municipal Health Officer, Dr. T. K. Mukherjee, Hony. Adviser (Health), Dr. B. Bhattacharya, Deputy Chief Municipal Health Officer etc. Trainees were deeply involved in the training process and they were all praise and appreciative of the efforts and arrangements of ECHO India in association with KMC for such a wonderful experience.
